SOUTH NORFOLK BAPTIST CHURCH

—In the past seven years nineteen young men and women have offered for full time Christian service. This record causes our hearts to vibrate much when we consider there was a drought from 1893 to 1947—a total of 54 years without a single person going out from the church to enter the ministry or full time Christian service.

The pastor, Rev. Frank Hughes, makes ten suggestions to those who are interested in enlisting young people: (1) preach about men in Bible who answered the call; (2) tell about God's need for men and women; (3) speak to promising young people; (4) encourage the church to pray that youth may be called; (5) advise parents to dedicate children to the Lord; (6) cooperate with the Holy Spirit; (7) sponsor youth revivals; (8) distribute tracts about mission needs; (9) send youth to R.A. and G.A. camps; (10) make frequent appeals for public dedications.
