

## Biden's first order of business: letting men into girls' toilets

A woman reporter asks Senate Democrat Party Leader Chuck Schumer if he agrees with the pseudo 'President-Elect' that this is a "first day in office" priority. Once upon a time – oh, like, a few years ago – this would have been a fraught gotcha from an incredulous press pool. Now it's a humdrum banality and Schumer isn't remotely embarrassed. On behalf of a masked old man notorious for touching minors, another masked old man confirms American girls will be forced to sacrifice their bathroom privacy:

.@SenSchumer: "I agree" with @JoeBiden's plan to mandate transgendered people can choose the bathroom, lockerroom of their choice in schools [pic.twitter.com/2vNIIQmT3j](https://pic.twitter.com/2vNIIQmT3j)
