I have received no letters ~~yet~~ since I left Victoria and I have been writing often
Dear Mother and Father

Just a line hoping all is well as it leaves me at present. Things are just the same here the ^{only} difference we are expecting a bit of rain which will be not welcomed by us. This place will be a mud hole when the rain does come. We had a bit of a shower last night but it was nothing to speak of. According to an account of a Turkish Officer who ~~has~~ gave himself up the other night says that the Turks are getting very badly treated ~~over~~ by the German Officers and are only getting ~~one~~ meal a day and that was in the evening.

There was one Turk who tried to give himself up the other d. night and got shot by the sentry they we dragged him into our trenches to bury him in the morning and you ought to have seen the state he was in. He had no boots on an old & pair of trousers all patched and an old coat. The pioneers took him down the gully to bury him and one got shot in the thigh by a sniper in the Turks trenches.

We are not doing bad for food we got that little present from Jedy Ferguson that was 2 fancy biscuits, half stick chocolate and 2 sardines each.

I think I have told you all the news so I must

draw to a close with

kindest love to all

I remain
